

Assurance Statement

The CR Report 2005 was reviewed by Stephen Joseph, Transport 2000, one of the leading non governmental transport organisations. His comments relating to the Report have been posted on the Group's website – www.nationalexpressgroup.com

The production of this Report was undertaken internally by the National Express Group following consultation with key stakeholders.

The printers of this document are fully accredited to the ISO 14001 environmental management system. They utilise soya based inks and operate a direct computer to plate repro system, eliminating the need for film with its chemicals such as developer and acid fixers.

This document is printed on Accent Glacier White. Accent is made in the UK, manufactured from 100% ECF (Elemental Chlorine free) pulp managed from sustainable forests, which avoids the discharge of harmful chlorine emissions into the environment. Accent is fully recyclable and is manufactured without the addition of chemicals or coatings which would present a hazard to the environment. The paper Mill is accredited with ISO 14001 certificate and complies with *PEFC strict chain customary guidelines. (Pan European Forestry Council).
